FOR IMMEDIATE RELEASE

Big League Dream Day Approaching 3/4 MILLION DOLLARS in Group Ticket Sales

Big League Dream Day is an opportunity for U13 and older teams to play a game at a Major League venue. Big League Dream Day began in 2012 at American Family Field in Milwaukee and is also collaborating with the Oakland A's. Other Major League teams are welcome.

Under this program, teams will get to play on the BIG field and it is sure to be a memorable experience for all involved! All families make a commitment to their respective Big League team by purchasing game tickets or vouchers to Major League games at the Big League Dream Day website bigleaguedreamday.com.

This is sure to be a once in a lifetime experience. Please won't you join us in 2024 and beyond?

Don't delay, the kids want to play!

"The baseball game for the Hitters U14 Baseball Team was an unforgettable moment in time for the boys and maybe even more for the families. Our team made it an event with a tailgate party prior to and after our game of course. The opportunity to be on the field and play in a stadium as awesome as American Family Field was beyond what words might describe" John Mahar, Hitters Baseball.
